Southeast TX ICA Terms & Conditions of Sale

Welcome to our 29th Annual Southeast Texas ICA Commercial Bull & Heifer Sale! Our 2024 sale offering consists of 91 top-quality breeding age bulls across multiple breeds and 250 highly sought after replacement females— 90+ Open, 100+ Bred, and 60+ Pairs representing the following breeds: Angus/ Angus X, Brangus/Brangus F1/Brangus X, Braford/Braford F1, Braford X, Brahmans—commercial and registered, Charolais, Hereford Cross, Red Angus and Santa Gertrudis. The sale will start promptly at 10 a.m. and the animals will be sold in the order listed in the separate Supplemental Sale Order; bulls will be sold first, heifers last. **Note: When bidding on heifers, multiply the bid by the # of head in the lot.** Lunch will be served around noon courtesy of the Southeast Agriculture Support Group.

Our 2024 Sale Committee would like to extend their sincere appreciation to the consignors, buyers, and sponsors who continue to support our sale year in and year out. We have said it time and time again, and we mean it—this sale would not be the success it is today without all of you!

- ◆ **DVAUCTION:** Buyers may now view and bid on animals live via the internet at dvauction.com. If you plan to purchase via the internet, you will need to register with DVAuction for a buyer number prior to the sale. DVAuction Terms and Conditions can be found at dvauction/terms.com. Please familiarize yourself with them as they are in addition to these sale terms and conditions.
- ◆ **IN-PERSON BUYER REGISTRATION:** Previous buyers and new buyers can check-in/register for bid cards at the office on Friday evening before the sale and sale day. Please **DO NOT** register for a buyer number at DVAuction if you plan to attend in person.
- ◆ **BIDDING:** Each animal will be sold to the highest bidder—if you have the highest bid, you are obligated to complete the transaction. Bids are not retractable. Note: When bidding on heifers, multiply the bid by the # of head in the lot.
- ◆ **DISPUTES:** The auctioneer will settle any and all disputes as to bids; his decision on such matters shall be final.
- ◆ **ANNOUNCEMENTS:** All announcements from the auction box take precedence over the printed material in this catalog.
- ◆ **DEFECTS:** Known defects will be called to public attention at the time the animal enters the ring.
- ◆ **BABY CALVES:** Some heifers may calve while they are here. In order to protect the newborn babies, WE WILL NOT BRING SOME OF THEM TO THE RING. Our consignors are asked to assume reasonable responsibility for these calves while here, a limited responsibility after they leave, and any calf born after the time of sale is the full responsibility of the buyer.
- ◆ **PURCHASER'S RISK:** Each animal becomes the risk of the Purchaser at the time of sale.
- ◆ **HEALTH:** Health Papers will be furnished on each animal. Animals 18 months of age or older are Brucellosis tested within 30 days of the sale unless originating from a Certified Free Herd, Area or State. All bulls are fertility tested and test negative for Trichomoniasis. All females have been palpated and determined “potential, satisfactory breeders.” Please check with your AHC to determine what health papers will be required if travelling outside Texas with your purchases. Any extraordinary health certificates, tests, or documentation required for shipment shall be at buyer's expense.
- ◆ **GUARANTEE:** The cattle in this sale are guaranteed by the individual consignors. **The Southeast Texas Independent Cattlemen's Association acts as the selling agent only.** Any breeding defect on an animal should be registered with the Seller immediately, but within six (6) months of sale.
- ◆ **TERMS:** Purchases made at the sale facility can be settled via cash, check (with valid driver's license) or credit card. Internet purchases through DVAuction must be settled via wire or credit card. **All** credit card purchases will be assessed a 5% convenience fee.
- ◆ **“SETTLING UP”:** When you have made your purchases, please settle up with our Office Staff before you leave the sale facility. Internet buyers will be sent an invoice sale day and contacted for payment information.
- ◆ **LOAD-OUT & TRANSPORTATION:** Payment/payment arrangements must be made with the office or load-out cannot occur. Buyers are solely responsible for transportation arrangements and if they are not hauling the animals themselves, they must let the office know the name and phone number of the hauler(s). Animals cannot be loaded out until after the sale concludes. It is our preference that all animals be loaded out Saturday. We understand this may not be possible for internet buyers; therefore, we have extended load-out to Sunday between the hours of 8 a.m. and 12 noon. It is imperative the sale secretaries / office be notified if animals will be hauled on Sunday. If independent gooseneck haulers are available they will register with the office on or before sale day.
- ◆ **LIABILITY:** Neither the Southeast Texas Independent Cattlemen's Association, its members, the sale manager, nor any other person connected with the management of this sale assumes any liability, legal or otherwise.
- ◆ **RIGHTS AND OBLIGATIONS:** The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding on both.

SETICA CBHS - Bulls

Lot/ Tag	Consignor	Pen #	Breed	Age	Reg (Y/N) Reg. #	Herd ID #	Price Per Head
101	Rafter Z Cattle	27	Brangus	17 Mths	<input checked="" type="checkbox"/> R10526659	29K2	_____
	A heavy-boned, deep-sided bull that will sire great replacement females. BW 80#, WW 668#; EPDs: BW 1.3, WW 23, YW 38, MILK 1, MTNL 12						
103	Triple Son Farms	13	Brangus F1	30 Mths	<input checked="" type="checkbox"/>	1135	_____
	For over 40 years, we have been raising Brahman, Angus and F1 cattle and Mr TSF 0503 is the kind of bull we strive to raise--attractively built, long and level while still being heavy muscled, big ribbed and tight sheathed. BW 72#, WW 750#, YW 1190#, AW 18320#, SC 38 cm						
104	Triple Son Farms	12	Brangus F1	30 Mths	<input checked="" type="checkbox"/>	1227	_____
	This Golden Certified Brahman x Angus F1 bull is as phenotypically correct as any bull in the sale! He is stout built, moderate in frame, deep ribbed, thick ended, and long bodied with a tight sheath. BW 66#, WW 710#, YW 1085#, AW 1965#, SC 40.5 cm						
105	Triple Son Farms	11	Brangus F1	30 Mths	<input checked="" type="checkbox"/>	1165	_____
	A real herd bull! If you are looking for a bull that will inject phenotype, performance, and carcass quality into this offspring, study this bull. He is massive in rib shape, heavy muscled, long, level, and tight sheathed. BW 70#, WW 730#, YW 1110#, AW 1830#, SC 38 cm						
106	Triple Son Farms	10	Brangus F1	30 Mths	<input checked="" type="checkbox"/>	1148	_____
	There is a lot to appreciate about this heavy muscled, deep ribbed, stout built and attractive bull that is long and level. It would be expected based on his scrotal measurement that he should be a superior female producer. BW 70#, WW 760#, YW 1130#, AW 1880#, SC 38 cm						
107	Triple Son Farms - JD Division	14	Angus UB	20 Mths	<input type="checkbox"/>	261	_____
	This 3/4 Angus x 1/4 Brahman bull offers so much! He is low birth weight, moderate in frame size, explosive in rib shape, heavy muscled, big boned, and level made. BW 72#, WW 610#, YW 975#, AW 1490#, SC 37 cm						
108	Triple Son Farms - JD Division	15	Angus UB	20 Mths	<input type="checkbox"/>	266	_____
	Don't miss this functional built bull that is moderate framed, deep ribbed, heavy muscled, long, level and tight sheathed. He should produce BOTH bull and female progeny that will meet the industry's needs. BW 68#, WW 625#, YW 980#, AW 1500#, SC 37.5 cm						
109	Triple Son Farms - JD Division	18	Angus	25 Mths	<input checked="" type="checkbox"/> Pending	K032	_____
	An Angus bull acclimated to harsh environments that can go out and get cows bred. This SAV America son is rugged made, deep ribbed, heavy muscled, and smooth fronted. It is expected he would make a heifer bull due to his calves being small at birth, but don't sell them short--his calves will hit the ground running! BW 64#, WW 630#, YW 960#, AW 1420#, SC 37 cm						
110	Triple Son Farms - JD Division	19	Angus	25 Mths	<input checked="" type="checkbox"/> Pending	K022	_____
	SUB This SAV America son is another example of the kind of cattle we raise that are low birth weight, fit within the window of acceptability for carcass traits, have eye appeal, high maternal growth, and a good disposition. BW 60#, WW 670#, YW 950#, AW 1280#, SC 38.5 cm
